

About California Proposition 65

The State of California requires that certain warnings be given concerning products which contain chemicals subject to Proposition 65. Proposition 65 requires that products containing certain chemicals identified by the State of California as causing cancer, birth defects or other reproductive harm contain warnings. We rely on the manufacturer regarding the hazardous chemicals in their products and makes no representations or warranties regarding the information provided by the manufacturer.

The California Office of Environmental Health Hazard Assessment (OEHHA) administers the Proposition 65 program and publishes the listed chemicals, which includes more than 900 chemicals. A complete list of Proposition 65 regulated chemicals is available at www.oehha.ca.gov.
